Liberal Arts

A.A. Degree

Designed primarily for students who plan on transferring to the University of California or California State University, the associate degree in Liberal Arts represents the completion of a broad area of study with an emphasis in one of the following four areas: Arts and Letters, Business and Computer Information Systems, Science, Math and Engineering and Social and Behavioral Sciences. The degree allows the student to develop a broad set of essential life/work competencies such as: communication, critical thinking, problem solving, quantitative reasoning and multicultural skills. Students complete a minimum of 27 units from one of the four emphasis areas, the A.A. degree General Education requirements and the A.A./A.S. degree requirements noted in the campus catalog. Courses used for the 27 unit emphasis area requirement may not be used to satisfy the General Education requirements.

Note: Students are limited to earning one Liberal Arts degree.

Student Learning Outcomes - upon completion, students will be able to:

- demonstrate the use of effective language and speech communication skills.
- analyze and solve problems by using thoughtful and logical reasoning skills.
- recognize and value the complexities of living in a multicultural world by demonstrating an appreciation of diversity in its many forms.
- display behaviors that promote the mental and physical well-being of self and others.
- identify basic/foundational theories, concepts, and practices in the comprehensive area of emphasis.
