Attending: Murphy, Jenkins, LaManque
The following changes were agreed to at the College Council meeting.

FINAL AMENDMENTS TO EDUCATIONAL MASTER PLAN

1. Hyperlink added in mission statement to Institutional Core Competencies.
   {Note: it was pointed out the communication competency does include “express themselves creatively”.

2. Page 6, 2nd paragraph (begins with “The new mission statement includes…”) last sentence changed to:

   The college’s commitment to student learning encompasses our work in transfer education, career and technical education, and lifelong learning for De Anza’s community.

   {Note: it was agreed that we needed a stronger statement about the importance of career and technical education and the college’s role in the community (“lifelong learning”).

3. Page 8, “Part of the college’s planning includes examining online and hybrid courses to enhance student learning” removed and amended to:

   The college’s commitment to learning translates into maintaining high standards of excellence for both transfer and career programs, and supporting technologies that assist different learning styles and teaching approaches; this includes online and hybrid courses.

   {Note: it was agreed that we needed a stronger statement about the importance of distance learning technologies.

4. Page 16, last sentence amended to:

   The Student Services PBT is co-chaired by the vice president of that area and a faculty member.

   {Note: this amendment deleted reference to the Classified Senate leadership alternating co-chair of the Students Services Planning and Budget Team with Academic Senate representatives. The discussion included reference to a 1999 memo stating that the Student Services PBT co-chair was a faculty member. Since this section was suppose to be a statement of what is and not a new proposal, the group decided to leave it as having the Student Services PBT co-chairs being the VP for Student Services and someone appointed by the Academic Senate. It was pointed out that there was a recent discussion in the SSPBT about modifying this arrangement but that proposal had not yet come through the governance process.}
