De Anza College Census Enrollment Comparisons Report Summer 2021 to Summer 2022

Highlights

Resident and Non-Resident Enrollment

- Total enrollment and FTES is down 3%.
 - Total FTES decreased by 45 from 1,682 to 1,637.
- Resident enrollment and FTES is down 3%.
 - FTES decreased by 48 from 1,562 to 1,514.
 - Dual enrollment increased 30% in FTES.
- Non-Resident enrollment is up 12% and FTES is up 3%.
 - The increase in FTES was due to an increase in non-resident and non-resident international students, which both increased in FTES by 11%.
 - Headcount of students with F1 or FZ visas remained flat from last summer at 400 students, potentially suggesting a leveling of the steady decline seen over the past few years

Demographics

- All student ethnic groups saw a decrease in headcounts and FTES with the exception of Decline to State, which has been growing each quarter.
- The total number of FTES lost was greatest for Latinx students (34 FTES), followed by Filipinx (17) and Asian (11).
- There was an increase of students between the ages of 20-24 (93) in summer 2022, compared to last summer quarter, the proportion of students aged 19 or less also increased from 28% to 30%, whereas students aged 25 to 39 decreased from 23% to 20%. Students aged 40 or over remained stable at 8%.
- Students with a goal of transfer decreased from 56% to 50% of summer 2022 headcount, though still the largest group of students enrolled. Students with an educational goal other than transfer, degree or certificate (i.e., skills enrichment, lifelong learning, job training) increased the greatest from 35% to 42%, comprising the second largest group of enrolled students.

Area of Residency

- Most students reside from within Santa Clara County which decreased by 5% from last summer. Alameda is the second largest county of enrollment and it also decreased by 5%. However, headcount from San Mateo, Outside California and Contra Costa County each increased by 6%.
 - Other counties of growth include Los Angeles County which increased by 45%, San Diego County by 35% and Yolo County by 25%.
- The majority of students reside in San Jose which decreased by 9%, followed by Cupertino which decreased by 2%.
 - Santa Clara, Los Gatos and Saratoga also saw decreases in enrollment.
- The third largest city of residency is Sunnyvale which grew by 10% summer to summer.

Other cities in the area that grew in enrollment include Fremont, Milpitas, Mountain View, Campbell, Los Altos, Morgan Hill, East Palo Alto, San Francisco and Palo Alto.

Table 2. Enrollment by Resident and Non-Resident Categories Summer 2021 and Summer 2022

Resident and Non-Resident Enrollment by Category

- Among the resident category, the FTES of all subgroups decreased with the exception of AB 2364 Dual Enrollment, which increased by 3 FTES from 10 to 13. Dual enrollment sees consistent growth each quarter.
- Among the non-resident category, the increase in FTES was driven by both the non-resident and non-resident International categories, with each increasing in FTES by 11%. Non-resident out of country decreased by 50% from 16 FTES to 8.

International Students with F1/FZ Visa

• Headcount of students with F1 or FZ visas has remained stable at 400. This is the first summer term that F1/FZ enrollment has been stable in a few years.

Applicants and Enrollees					
Applicants	Applicants Registered				
9,956	5,060	51%			

Table 3. Applicants and Enrollees – Summer 2022

Note: Includes students who applied and enrolled for the same quarter.

Applicants who Enrolled

• Among the 9,956 applicants who applied to De Anza College for the summer 2022 quarter, 51% enrolled in courses in the same term. This rate is stable from last summer.
