Student Learning Outcome Core Team Meeting Notes for April 14, 2022

Present: Veronica Avila, Karen Chow, Mae Lee, Mary Pape, Dawn Lee

SLO assessments completed: The current form linked on SLO website could be entered into eLumen allowing for faculty to not worry about learning eLumen at this time.

2022 Convocation: Friday, May 13 in HiFlex room/modality so that we are offering all another opportunity to check out this new delivery method.

Mary should ask Lydia about Partners in Learning.

Mary should ask the due date for Program Review to be pushed out to Friday, May 20, 2022

The use of music might be explored. Goal of the Convocation should be to carve out significant amount of time for Program Review work. Breakdown questions and humanize them. There are many departments with just one full-time instructor. Offer our ideas and experiences to interpret questions and give ideas for responses. Fun skit:
