A.A. Degree

This A.A. degree provides a comprehensive foundation in the areas of design, color theory, multiple painting processes, and professional software and hardware used by artists and designers. Students gain the skills and experience necessary to demonstrate a complete understanding of aesthetics, techniques and philosophy in the creative process.

Program Learning Outcomes: Upon completion, students will be able to

- Critically analyze and assess diverse historical and contemporary works of art, architecture and design
- Create art that engages and builds on historical and contemporary practices, theories and materials
- Translate concepts and visual experience into images and tactile forms
- Present finished artwork for peer, professional or academic review
- Evaluate and critique artwork and receive criticism from others
- Express artistic concepts and intents in written and oral formats
