Re: Psychiatric Technician Program
Effective fall 2027

Dear Curriculum committee,

Following guidance from the Regional Director for the Healthcare Sector in the San Francisco Bay Area, and in response to a significant increase in demand for Psychiatric Technicians in the region, we have decided to pursue the development of a Psychiatric Technology program. This decision is supported by our existing program infrastructure and the strong endorsement of senior administration.

This memo is to formally request this new program. The 4-digit program code we would like to use, if possible is PTEC.

The TOP Code (California Community Colleges) for the program will be 1261.00 – Psychiatric Technicians

The CIP Code (National) for the program will be 51.1502 – Psychiatric/Mental Health Services Technician thank you
