Hyon Chu Yi-Baker Student Services Office of College Life Full-time NOT Tenured  
Hyon's Statement:

I am applying to serve on the Administrative Services Planning and Budget Team (APBT) as I am interested in learning about our institutional budgetary process especially in a time when we are facing serious budget reductions. As a tenured track faculty member who works closely with both Academic Affairs (I am the Judicial Conduct Officer that oversees Academic Integrity Violations) and Student Services (Faculty Director of College Life), I believe my voice will add value to APBT as I can offer a unique perspective to our discussions related to APBT's mission and objectives. I have worked in higher education for over 20 years and in each of my roles I oversaw budgets ranging from \$250k to my current DASB budget of over \$1 million dollars. I have experience managing budgets and developing strategic plans that align with departmental/institutional goals, priorities, and assessment/evaluation processes to ensure we meet our organization's fiscal responsibility. Finally, as a relatively new member of the De Ana community (started in Fall 2017) I am looking forward to being a part of an important shared governance committee and collaborating with my esteemed colleagues around campus.

Carol Cini Social Sciences & Humanities Division History Department Full-time Tenured

Carols Statement:

I am writing to apply to serve as a faculty member on the Administrative Services Planning and Budget Team (APBT). During the past 18 years at De Anza College, I have been a member of various committees which have provided insight into diverse aspects of college services and their critical support of the educational mission.

Most recently, in 2018 and 2019, I have served on the Campus Facilities Committee as an FA faculty representative, where I gained experience in working with other faculty, staff, and administrators on physical plant issues that directly impact the learning environment. [Read More](#)
