REQUIRED TEXTS and MATERIALS: There are no required texts or course materials beyond reliable Internet access. Each week, you will complete activities in Canvas.

Course Access: Access to a computer and the Internet is required for this course. The course is delivered through Canvas, De Anza's new online learning management system.

<https://deanza.instructure.com>

If this is your first time using Canvas, you should view the Online Education Student Resources website to learn how to log in and get started. <https://www.deanza.edu/online-ed/>

CLASS POLICIES:

- **ATTENDANCE:** In an online class, you should be logging in approximately 2 times a week. If you do not log in to Canvas, you will be dropped from the course. **There are no required in-person orientations or class meetings.**
- **Make-up exams and assignment extensions are never allowed**, as you have an entire week to complete the assignments. The course is designed so that most assignments and quizzes are worth only 10 points, so missing one or two will not dramatically affect your grade. However, numerous missed assignments can add up, so be careful to stay on top of your work, or face the consequences of a lower final course grade. Plan to work ahead, so that unexpected technical difficulties, illnesses or other circumstances do not keep you from completing the assignments on time.
- No form of cheating or **PLAGIARISM** will be tolerated. You are probably a conscientious student who would never think of cheating, but less prudent students found cheating will receive zero points on the exam/assignment and in case of recurrence, an F in the course and/or academic discipline or dismissal from the college. Copying large pieces of content or entire sentences from the Internet and/or other source without proper citation is considered plagiarism! **Sharing questions and/or answers with another student is also considered cheating.** All incidents of cheating will be reported to the college. For more information on academic integrity at De Anza College, view the following website: <https://www.deanza.edu/studenthandbook/academic-integrity.html>

STUDENT CONDUCT: Everyone in the online classroom is expected to be civil and courteous. We will not always agree with the perspectives and opinions shared in the classroom, but I do expect that we will treat each other with respect. Online discussion forum postings or comments should always be professional and respectful.

ACCESSIBILITY: If you wish to request accommodation due to a health condition or disability, please contact me as soon as possible. I will work with Disability Support Services (DSS) and Educational Diagnostic Center (EDC) to ensure that such accommodations are arranged in a timely manner.
